God of the winter it feels dark and bitter

We see waiting but You are still working

Dreams are dormant but new life is coming  
**Gb** **Bbm**  
Lord of the springtime we see Your light shine  
**Db**  
Though we're busy with planning our mission

Hope is rising and giving us vision  
**Ebm** **B**  
Our song is awakening

We're gonna praise You in every season  
**Ab**  
In good or hard times we have a reason

To sing with joy because You have freed us

We're gonna praise You now  
**B**  
Gonna praise You now

## VERSE 2

**Gb** **Bbm**  
God of the summer chaos and slumber

Lord of the harvest we see the promise

Fill the storehouse with gratitude stories

We remember to give You the glory  
**Ebm** **B**  
Our song is awakening
